EDUCATION

Master of Management Science

Expected Spring 2027

Tongji University, Shanghai, China

GPA: 91.17/100

Selected Coursework: Advanced Econometrics I; Public Economics; Environmental Economics and Sustainable Development; Emerging Technologies and Urban Development

Visiting Graduate Student

Jan 2026 – Jun 2026

Copenhagen Business School, Copenhagen, Denmark

Department of Management, Society and Communication

Bachelor of Taxation

2020 – 2024

University of Shanghai for Science and Technology, Shanghai, China

GPA: 87.22/100 | Rank: 4/41

RESEARCH INTERESTS

Environmental behavior and decision-making; sustainable consumption and resource use; urban sustainability; computational and spatial analysis of large-scale behavioral data; carbon footprints and climate mitigation.

MANUSCRIPTS & WORKING PAPERS

Ding, J., Xia, Z., Dablander, F., Constantino, S., Wang, T., Yao, L., Nielsen, K. S., & Zhang, C. Spatial friction shapes household use of urban recycling infrastructure. (*Manuscript in preparation*)

Xia, Z., **Ding, J.**, Geiger, N., Ye, J., Zhang, C., Bai, T., Constantino, S., & Nielsen, K. S. A meta-analysis of the real-world impact of carbon labeling on consumer choices. (*Co-first and co-corresponding author; major revision requested at PNAS Nexus*)

Ding, J., Xia, Z., Xie, J., Geiger, N., Constantino, S., Hu, B., Zhang, C., & Lam, K. L. SECFC: A transparent, open-source R package for survey-embedded carbon footprint calculation in environmental psychology. (*Co-first author; manuscript in preparation*)

Nielsen, K. S., **Ding, J.**, Ejlsing, M., Sekara, V., & Dablander, F. Ongoing project on personal climate agency. (*Manuscript in preparation*)

Xia, Z., Caldaroni, S., Tiefenbeck, V., Ye, J., Bai, T., Hu, B., Li, J., Zhang, C., **Ding, J.**, & Debnath, R. Government efforts in environmental improvement affect individual policy support in China. (*Manuscript in preparation*)

Xia, Z., Ye, J., **Ding, J.**, Geiger, N., Hahnel, U., Debnath, R., Constantino, S., Zhang, C., & Nielsen, K. S. Predicting climate policy support with large language models: Assessing accuracy and bias in AI-simulated policy support. (*Manuscript in preparation*)

RESEARCH EXPERIENCE

<i>Graduate Researcher / Data Analyst</i>	2024 – Present
Tongji University, Shanghai, China	
Supervisor: Chao Zhang	
World Bank-financed China Plastic Waste Reduction Project, Ningbo Component	
• Analyze household-level smart waste-sorting data from a citywide recycling program and contribute to program monitoring and evaluation. • Lead a first-author study using longitudinal records from more than 30,000 households to examine whether access to recycling infrastructure is associated with household waste-sorting behavior.	
<i>Visiting Graduate Student</i>	2026
Department of Management, Society and Communication, Copenhagen Business School, Denmark	
Supervisor: Kristian Steensen Nielsen	
• Conducted statistical analyses and data visualization for an ongoing collaborative project on personal climate agency.	
<i>Undergraduate Research Assistant</i>	2023 – 2024
University of Shanghai for Science and Technology, Shanghai, China	
Supervisor: Aifeng Zhao	
• Conducted policy research on taxation and cross-border capital flows, including systematic collection and synthesis of government policy documents and analysis of policy-related issues.	
<i>Undergraduate Research Assistant</i>	2021 – 2022
University of Shanghai for Science and Technology, Shanghai, China	
Supervisor: Haisheng Hu	
• Built a firm-level dataset for 131 companies by collecting and organizing information from corporate reports and financial databases, and assisted with variable construction for subsequent analysis.	

CONFERENCE PRESENTATIONS

<i>“Bin to Behavior: Characterizing Household Waste-Sorting Behavior Using High-Frequency Disposal Data.”</i>	
Oral presentation, Chinese Industrial Ecology Academic Annual Conference	2025
<i>“The Real-World Impact of Sustainability Labeling on Consumer Choices: A Meta-Analysis.”</i>	
Oral presentation, Annual Academic Conference of the Chinese Association of Social Psychology	2025
<i>“A Meta-Analysis of the Real-World Impact of Sustainability Labeling on Consumer Choices.”</i>	
Poster presentation, 20th National Graduate Student Environmental Forum	2025

SELECTED HONORS AND AWARDS

Chinese Government Scholarship, China Scholarship Council (CSC)	2025
Tongji University Graduate Scholarship	2025
Third Prize, Europe, Oceania, North America and Mixed Regions, 2nd ISETS-ESCAP & 3rd ISETS Global Competition of Youth Voice on Energy Transition	2025

Third Prize, National Finals, 1st National Artificial Intelligence Application Innovation Competition	2025
Third Prize, East & South China Regional Division (Science & Technology Concepts Category), 20th National Environmental-friendly Science & Technology Competition	2025
Outstanding Undergraduate Thesis Award	2024
Second-Class Academic Excellence Scholarship	Fall 2023
First-Class Academic Excellence Scholarship	Spring 2023
Third-Class Academic Excellence Scholarship	2022

SERVICE

Peer Reviewer, Environmental Research Letters	2025
---	------

TECHNICAL SKILLS

Programming & Statistical Computing: R (primary), Python, Stata
Software: SECFC R package (lead developer and maintainer; developed the package and documentation website)

LANGUAGES

Chinese: Native
English: Proficient
